Breast Cancer Services

As one of the top-ranked academic medical centers in the nation, RUSH offers leading-edge treatments for breast cancer, including personalized screenings, targeted therapies, minimally invasive surgical options and clinical trials.

Excellence in breast cancer care

Nationally ranked breast cancer care. RUSH is consistently recognized as one of the top cancer programs in the country by *U.S. News & World Report*.

Multidisciplinary team approach. At RUSH, your patients may receive care through The Coleman Foundation Comprehensive Breast Cancer Clinic where they'll meet with their whole breast cancer care team, including medical oncologists, breast surgeons, radiation oncologists and a care coordinator, in a single visit.

Patient navigation. Our breast cancer care coordinator guides each patient through their entire continuum of care, from diagnosis through survivorship.

Survivorship clinic. Our dedicated team of survivorship experts works with the breast cancer care team and patients to develop personalized survivorship care plans that help patients get back to their life and health after breast cancer.
