Medical Oncology

RUSH medical oncologists work with specialists in our Coleman Foundation Comprehensive Cancer Clinics to diagnose, prevent and treat cancer. They meet regularly for multi-disciplinary tumor conferences to discuss each patient's case and determine the best approach for treatment. Our medical oncologists treat a wide range of cancers, including head and neck, lung, genitourinary, gastrointestinal and skin cancers.

RUSH Cancer Center has active clinical trials, including immunotherapies, radiation oncologic approaches and novel technologies.

RUSH Cancer Center is fully accredited by the Commission on Cancer of the American College of Surgeons. It has also been recognized by the Quality Oncology Practice Initiative, an affiliate of the American Society of Clinical Oncology.
